NOTE OF EXPLANATION

This proposal would allow mileage reimbursement for personal vehicle use in the case of selected overseas employees, such as certain operations and communications personnel, whose duties involve frequent and recurrent recall to the office on official business at times when alternative transportation either does not exist or is insecure. We believe that the long established USC ban on payment for normal trips between house and office imposes undue financial hardship in these "call-in" cases and that the proposed relief would contribute to accomplishment of the Agency mission. The Agency has planned for adoption of the proposal through the appropriate budgetary process.

The proposed revision to Agency travel regulations is attached for your review.
